

Capability Statement

502 MYO — Louisville, Kentucky

Sole proprietor | Woman-owned small business (self-certified)

Executive Summary

502 MYO is a Louisville, Kentucky-based myofunctional therapy practice available for federal, state, and local government contracting. We specialize in non-pharmacological, exercise-based therapy for orofacial muscle dysfunction in both children and adults — covering mouth breathing, tongue-tie (pre/post frenectomy support), snoring, sleep-disordered breathing, TMJ disorders, and habit elimination. All services are delivered on-site at 8403 Shelbyville Rd, Louisville KY 40222 or at the contracting agency's facility within the Louisville Metro region. 502 MYO has an active SAM.gov registration (UEI QU7NVNKQUE33) and a verified National Provider Identifier (NPI 1649112301).

Core Competencies

Comprehensive Orofacial Myofunctional Evaluations

60-minute initial assessments covering oral posture, swallow pattern, tongue mobility, breathing mode, and related craniofacial muscle function.

Personalized Therapy Programs

4–9 month individualized exercise programs for children and adults addressing mouth breathing, tongue-tie (pre/post frenectomy), snoring, sleep-disordered breathing, TMJ disorders, and habit elimination.

Breathing & Sleep Airway Retraining

Non-CPAP adjunctive therapy for sleep-disordered breathing and mild-to-moderate obstructive sleep apnea, including nasal breathing retraining and tongue posture correction.

Care Coordination with Multi-Disciplinary Teams

Direct collaboration with dentists, orthodontists, ENTs, sleep medicine physicians, pediatricians, lactation consultants, and speech-language pathologists. Coordinated pre/post frenectomy rehab.

Educational & Workforce Wellness Services

On-site and in-person workshops for federal employee wellness programs (EAP), Department of Defense / VA / TRICARE beneficiary education, school-based screenings, and public health initiatives.

Regional On-Site Engagement

Louisville-based; available for on-site engagements at federal, state, and local facilities across the Louisville Metro region and surrounding Kentucky counties.

Differentiators

- Over a decade of clinical experience in Louisville, Kentucky, with documented patient outcomes.
- Coordinated care with major regional medical and dental institutions.
- Recognized regional expert in orofacial myology and myofunctional therapy.
- Evidence-based exercise protocols — no fabrication of clinical claims.
- Practitioner credentials: Registered Dental Hygienist (RDH) plus specialized myofunctional therapy training.
- Louisville-based; available for on-site engagements across the Louisville Metro region.
- Active SAM.gov registration (UEI QU7NVNKQUE33) and verified NPI (1649112301) — ready for federal, state, and local contracting.

Past Performance

Past contract history will be added by Gina Sabbak, RDH following her meeting with the government contract contact. Typical entries include agency, contract value, period of performance, and a brief description of services delivered.
